It has been my privilege to serve you the past four years, including this year as Mayor. I am tremendously proud of what we have accomplished together. We reduced retail theft citywide by 16%. We repaved 19 miles of streets and renovated Central Park and East Hillsdale Park. We transformed San Mateo's downtown pedestrian mall into a new city treasure. We banned gas-powered leaf blowers. We raised millions for new stormwater projects to prevent flooding after the New Year's storms of 2023. And we built consensus toward San Mateo's General Plan Update, which preserves our neighborhoods while enabling housing we desperately need to be built.

There is plenty of important work ahead. Let's advance the city's new Economic Development Plan and Downtown Plan Update to shape a diverse and resilient economy that supports small businesses and local shopping. Let's finish a Complete Streets Plan for a safe, multimodal transportation network that increases bicycle/pedestrian and transit access while reducing strain on our parking lots and highways. Let's implement a Fiscal Sustainability Plan pursuing savings, grants and revenue measures to address our budget deficit while protecting existing services. And let's continue to invest in sustainable infrastructure like our new Beresford Solar Carport that improves our city's resiliency today and saves our tax dollars tomorrow. I would be honored to continue this work and more with your vote.

I am proud to be endorsed by: San Mateo County Firefighters Local 2400; San Mateo Police Officers Association; San Mateo County Central Labor Council; Building and Construction Trades Council of San Mateo County; Planned Parenthood Advocates Mar Monte; California State Senator Josh Becker; San Mateo County Supervisor David Canepa; San Mateo County Supervisor Lisa Gauthier; San Mateo County Supervisor Noelia Corzo; San Mateo County Supervisor Ray Mueller and more.
