
San Mateo Police Department

200 Franklin Parkway
San Mateo, California 94403-1921
Support Services: (650) 522-7620
www.cityofsanmateo.org

Enclosed in this Barking Dog Complaint Packet is information that will advise you how to handle a habitually barking dog that is causing a nuisance in your neighborhood. Police officers no longer respond to barking dog complaints because of reduced police resources and lack of effective, informal resolution tools. Please review the packet carefully as all requirements must be met in order to forward a completed packet to the San Mateo City Attorney's Office for review and possible criminal prosecution of the offending dog owner.

Completed packets may be submitted to the San Mateo Police Department front counter, Monday through Friday, 8:00 a.m. to 5:00 p.m. Packets will then be reviewed; any packet that is not complete or unsigned will be returned to the resident with an explanation of requirements that were not met. The San Mateo Police Department will then forward the completed packet to the City Attorney's office.

Should you have any questions, please contact Support Services at 650-522-7620 or by email at police@cityofsanmateo.org.

It is our sincere hope that, by working together, we can make each neighborhood in the City of San Mateo peaceful and enjoyable for all community members.

The San Mateo City Attorney's Office and San Mateo Police Department have established a program to assist residents in obtaining relief from habitually barking dogs causing a nuisance in their neighborhood.

Due to budget constraints, the San Mateo Police Department no longer dispatches police officers to barking dog complaints.

Barking dogs are a serious nuisance. Due to limited police and government funding, the police department is no longer able to respond to complaints of habitual barking. In fact, the police department found that when officers were dispatched and arrived on scene, the dog had already stopped barking. This pulled away from patrol resources and more serious public service calls.

This program has been established to empower San Mateo residents with their efforts towards resolving the problems associated with habitually barking dogs. This program is designed to encourage residents to reach a reasonable resolution with their neighbor through direct communication and mediation with the offending dog's owner before pursuing legal action. If repeated attempts through private dispute resolution fail and legal action is required, the enclosed material provides the required information necessary for the San Mateo City Attorney's Office to prepare a criminal complaint for prosecution.

Habitual dog barking is prohibited by San Mateo Municipal Code Chapter 8.02.070(c). Habitual barking is defined as barking by one or more dogs for extended periods of time. The San Mateo Police Department considers barking to be habitual when it has occurred for more than five (5) minutes per incident, per day. Repeated incidents of habitual barking occurring over several days would be considered a code violation and subject to enforcement.

In order to prove a charge of habitual barking, specific factual information is required and strong evidence is necessary. The police department and the city attorney require the reporting parties to maintain a log of the dates and times in which an identified dog, at a specific location, is disturbing the peace of the neighborhood. Additional supporting evidence should include a date-stamped audio recording of the offending dog from the location of the complainant's property as it is habitually barking.

A complaint of habitual barking is stronger if it is supported by more than one neighbor. Therefore, the police department and city attorney have determined that at least one other neighbor must verify that the dog's barking was habitual and caused a nuisance on at least five incidents. Witness verification must be provided in the form of a declaration signed under penalty of perjury by each witness specifically stating the dates and times of each incident of habitual barking. A declaration and an incident log are included in this informational packet. If you have questions about the declaration and/or logging procedure, you may contact the San Mateo Police Department.

When preparing a complaint of habitual barking, please be sure to note on the *Barking Dog Incident Log*:

1. The date and time the barking started, and when the barking stopped.
2. The specific address of the dog and your address. Please remember that the barking must be audible from within your home, and barking must be continuously audible for at least five minutes.
3. Evidence, if available, based on personal observation, that the dog was not provoked into barking.
4. The eight (8) incidents of habitual barking must take place over a one-month period of time.

You must comply with the requirements that:

1. Two courtesy cards documenting eight (8) or more days of habitual barking were sent by certified mail, return receipt requested, to the offending dog owner, with a copy retained for proof.
2. Private mediation or arbitration has been attempted, refused, and failed. If you would like assistance in discussing this issue with your neighbor(s), contact the Peninsula Conflict Resolution Center (PCRC) at (650) 513-0330.
3. If you prefer to submit a request for a case online with PCRC, you may fill out a Mediation Referral Form online at: [Start a Mediation | Peninsula Conflict Resolution Center](#)
4. Prior to submitting your package for review, you and at least one neighbor have signed the declaration under penalty of perjury that your neighbor observed five (5) incidents and you have complied with all of the above requirements.

Once a completed package is submitted to the San Mateo Police Department, the package will be reviewed for completeness. Packages that are incomplete or unsigned will result in no action being taken by the police department or the San Mateo City Attorney's Office. Provided the complaint package is complete, the police department will send a formal warning letter advising the dog owner that the problem has resulted in a nuisance and that unless the problem is remedied within five (5) business days, the matter will be referred to the San Mateo City Attorney's Office for review to determine whether charges will be filed.

It shall be the sole discretion of the San Mateo City Attorney's Office to prosecute a claim, and the San Mateo City Attorney's office will send the complainant a letter advising whether the complaint will be prosecuted, or whether other action will be taken to resolve the problem.

Unless the charge results in a guilty plea or negotiated settlement, the case will be set for trial. Most cases are set for trial approximately six (6) months from the time the case is filed with the San Mateo County Superior Court. If a case is set for trial, all witnesses, including the complaining neighbors, will be subpoenaed to testify at trial. Attendance at the trial is mandatory for complaining neighbors and witnesses.

If the matter proceeds to trial, a San Mateo County Superior Court judge or hearing officer will hear testimony, review the evidence and then decide if the evidence supports a finding of guilt. While the San Mateo City Attorney may make a recommendation regarding sentencing, the judge at the hearing has the sole discretion to determine the actual sentence.

For more information on the prosecution of barking dogs and how owners can prevent dogs from barking, the San Mateo Police Department has enclosed specific literature in this packet. If you need additional help with barking issues, you can call the Peninsula Humane Society's Animal Behavior helpline at 650-340-7022, ext. 183 (ext. 186 for Spanish).

Complaining neighbors may submit completed original packets to the San Mateo Police Department, Monday-Friday, 8:00 a.m. to 5:00 p.m. Complainants should make copies of the submitted information prior to delivering the packets to the police department.

Please Remember:

Enforcement of the laws against barking dogs is possible only with the cooperation and assistance of the residents of San Mateo themselves. The police department and San Mateo City Attorney's Office cannot solve barking dog problems without your participation. Please take the time to fully document each offense and obtain proper evidence so that the law can be enforced.

OFFICIAL FIRST NOTICE

CERTIFIED MAIL

Dear Neighbor:

This is to advise you that your dog has been barking or howling for five minutes or more in a manner that is disturbing your neighbors.

Dogs bark for a variety of reasons; sometimes they bark for a good reason. However, dogs that bark because they like to are a nuisance and often owners do not realize that their dog may be causing a disturbance to their neighbors.

These incidents are being documented, and it is hoped that this will not continue as the San Mateo Muni Code indicates that this is an illegal activity.

On the following three dates and times, your dog has caused a disturbance:

1. Date: _____ Time: _____
2. Date: _____ Time: _____
3. Date: _____ Time: _____

I am sure you are not aware of this issue, but the good news is that dogs and neighbors can live in harmony. Pet owners can get information from the Peninsula Humane Society about why dogs bark. They also offer advice on how to correct excessive barking. Their website is

<http://www.peninsulahumanesociety.org/>

I would like to thank you for respecting the quiet enjoyment of the neighborhood by all your neighbors.

Signed:

(This letter is required by the San Mateo Police Department for documentation of a Barking Dog Complaint)

OFFICIAL SECOND NOTICE

CERTIFIED MAIL

Dear Neighbor:

Your dog has continued to bark or howl continuously for five minutes or more in a manner that is disturbing your neighbors.

You received a previous notice (mailed on) _____, yet the nuisance has not been abated.

On the following dates and times, your dog has disturbed at least two of your neighbors:

4. Date: _____	Time: _____
5. Date: _____	Time: _____
6. Date: _____	Time: _____
7. Date: _____	Time: _____
8. Date: _____	Time: _____

Eight incidents have occurred within a one-month period. These incidents, which have disturbed at least two neighbors, have been documented, and the complaint will be reviewed by the San Mateo Police Department and the City Attorney's Office.

Barking dog complaints are a misdemeanor, punishable by six months in the county jail and/or a \$1,000 fine. You can avoid prosecution by resolving this nuisance immediately and/or by calling me at _____, so that we can attend mediation at the Peninsula Conflict Resolution Center (PCRC). Please note there are fees associated with this process. PCRC's website is <http://www.pcrcweb.org>.

You will not receive another notice prior to prosecution.

I would like to thank you for respecting the quiet enjoyment of the neighborhood by all your neighbors.

Signed:
