Chapter 1. Purpose and Overview

This manual describes the way the San Mateo City's Boards and Commissions do their business. It is a compilation of all Board and Commission (hereafter referred to as "Commission" for the sake of brevity) rules and procedures that have been formally adopted by Council Resolution.

These rules are intended to enhance public participation and debate so that the best possible decisions can be made for San Mateo. San Mateo has a long and proud tradition of open government and civil, intelligent public discourse. These rules, which must be approved by the City Council as a body, are subject to review and future modification by the City Council as needed.

Appointed Board and Commission members are expected to understand and comply with these Rules and Procedures. Failure to comply with the rules and procedures outlined in this document may be cause for removal from the appointed position.

In most cases, these rules and procedures supersede any existing Board or Commission by-laws.

Chapter 2. Commission Authority

- B. The specific role of a City commission is to review and make recommendations to the City Council on matters within its scope of responsibility as defined in the Charter or Municipal Code. The commission is basically a citizen's advisory arm of the City Council, although certain commissions may take final actions in certain prescribed areas.
- C. Most importantly, the commission serves as a vehicle for public input into City programs and policies referred to it by the City Council or brought to its attention by staff.
- D. The commission also serves to reduce the reevaluation of these matters before the City Council.
- E. On the specific matters referred to it by the City Council, the commission serves as the principal reviewing body of the City.
- F. Commissions adhere to the City Council's policies on the programs under their scopes of interest.
- G. Commissions serve to represent the general interests of the entire City and not specific program areas or specific interest groups.
- H. Commissions are encouraged to express their views on issues, projects or policies brought to them by the City department.

2. Applicability

The complete scope of responsibilities for each commission is identified either in the Charter or in the City's Municipal Code and will be provided to you by the Departments supporting your commission. Chapter 10. Boards and Commissions Selection Process

1. Refer to the San Mateo [City Charter Article VI](#) on Boards and Commissions.
2. Reappointments, Vacancies and Appointments
 - A. The City Clerk's Office manages the Boards and Commissions (hereafter referred to as "Commission" for ease of reference) application process. The process begins with the Clerk contacting members who are eligible for appointment to a second term and finding out their interest in reappointment.
 - B. The City Clerk then schedules a special Council Meeting for Council to provide direction on reappointments. The default is that currently serving Commissioners will each be interviewed for reappointment. However, if it is determined that a commissioner's performance is outstanding, or that other factors necessitate keeping them in their role, then an automatic reappointment can occur with a majority vote or majority consensus of the City Council. Any commission seat selected for re-interviews, means the seat will be processed as part of the full annual recruitment and the currently sitting commissioner may be interviewed along with other applicants. Commission recruitment occurs annually in the months of April and May and is managed by the City Clerk's Office. For these routine vacancies, the announcement is made approximately two months prior to the date on which the vacancy is to occur.
 - C. The City Clerk recruits for all open seats utilizing multiple avenues including: advertising, the media, and networking lists to present qualified candidates to the Council for consideration.
 - D. The interview and selection of candidates is an open process.
 - E. The City Clerk receives the applications (ideally a minimum of three applications is sought for each seat) and arranges for the appropriate sub-committee, in a noticed special meeting, to interview applicants and form their recommendation.
 - F. Commissioners, Board and committee members (hereafter referred to as "Commissioners" for ease of reference) are appointed by a majority vote of the City Council and serve staggered terms.
 - G. An Appointment Subcommittee conducts the candidate interviews and makes a recommendation for Council approval. The Council will receive the full list of candidates and applications for each opening.
 - H. The Appointment Subcommittee recommendations for new and reappointed Commissioners are confirmed by Council under the Consent Calendar at regular Council meetings. A staff report summarizing the Subcommittees'

recommendations will be provided to the full City Council and will include all of the applications that were reviewed by each subcommittee. Council may adopt the recommendations as presented or pull the item for further discussion. A majority vote of Council approves the appointees.

I. Unscheduled Vacancies

1. Subject to the Maddy Act (California Government Code § 54970), if an unscheduled vacancy occurs on a commission, the Council may either appoint from the pool of applicants on file (the eligibility list if there is one available) or open up the position to new applications where the above process is followed.
2. For such non-routine vacancies, the announcement for new applications is made as soon as possible in order to maintain viable memberships on the various boards and commissions.
3. All appointments occur in an open public meeting.

J. Youth Activities Council (YAC) Selection Process

The YAC is the only group not appointed directly by the City Council but through an application method administered by Parks and Recreation. High school students from all of the City's public high schools, as well as Junipero Serra High School and Nueva Upper School, are recruited for potential participation starting in the late spring of each year.
