

VIRTUAL VOLUNTEERS NEEDED for homework help assistance!

If you can spare an hour a week you have the ability to make a difference for a student who needs help with school work. All from the safety of your home!

For 20 years Homework Central has been providing free afterschool homework assistance for students in North Central San Mateo. We partner with local schools to serve 3rd, 4th and 5th graders and this fall our volunteer program will resume with an all-virtual experience.

The need for homework assistance and academic tutoring is greater than ever. As a virtual tutor you will:

- be matched with a student that aligns with your schedule
- have access to user-friendly tutorials and support systems
- conduct one-on-one Google Meet sessions with your student

To learn more about our virtual program details and volunteer requirements please check out the Volunteer page on our website:

www.smhwc.org.

From there you can submit an application and you'll be on your way to making a difference in the life of a student.
